

EXECUTIVE PROGRAMME ROADMAP

A two-year executive journey designed for working professionals.

YEAR 1 | October 2026 – October 2027 | ACADEMIC FOUNDATION & LEADERSHIP DEVELOPMENT

PROGRAMME AT A GLANCE

- 24 Months** Part-time format
- Hybrid Learning** Online + In-person
- 5 Core Modules**
- 2 Immersion Weeks** International experience
- Industry Mentoring & Open Seminars**
- Final Industry Project** Applied & real-world

YEAR 2 | October 2027 – July 2028 | INDUSTRY IMMERSION & GLOBAL NETWORKING

PRESENTATION OF PROJECTS – OPEN EVENT
In person
Greece
July 2028

Year 1 - Schedule

Start date:09/10/2026

Number of Sessions: 76

End date:16/10/2027

Days of classes: Central European Time:
Friday: 3:00 pm to 8:00 pm, including breaks
Saturday: 9:00 am to 2:00 pm, including breaks

In person Sessions: Portugal: 26 to 30 october 2026
Hungary: 5 to 9 July 2027

Format: Blended Learning

Curricular Unit: 1. The Role of Raw Materials in the Global Economy | Lead by NOVA FCT

Course	Sustainability, Regulation & Strategic Autonomy in Raw Materials						
Session	Date	Content	Session Duration (hours)	Weekday	Format	Faculty Team and Guest Lecture	Time
1	09/10/2026	Sustainability challenges in raw materials supply chains	5,0	Friday	online	Luis Pereira João Gomes	3:00 to 8:00 pm
2	10/10/2026	ESG, due diligence, traceability, and circular economy models	5,0	Saturday	online	Luis Pereira Anaïs Tobalagba	9:00 am to 2:00 pm
3	16/10/2026	The EU approach to secure and sustainable sourcing	5,0	Friday	online	Luis Pereira Wanessa de melo	3:00 to 8:00 pm
4	17/10/2026	Implications for firms operating in regulated and contested environments	5,0	Saturday	online	Luis Pereira Márcia Damas	9:00 am to 2:00 pm
5	23/10/2026	Strategic autonomy, dependencies, and trade-offs	5,0	Friday	online	Luis Pereira João Gomes	3:00 to 8:00 pm
Total Workload:			25,0				

Course	Raw Materials as Strategic Assets: Value Creation in Global Markets Lead by NOVA FCT						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
6	26/10/2026	From resource to market: mapping where value is created <i>Session 6: In-person immersion week: Portugal</i>	5,0	Monday & Friday	Presencial	The Immersion Week in Portugal will take place from 26 to 30 October. It will begin at the NOVA FCT campus in Costa da Caparica and have 2 days at Oporto, with a visit to an industry partner. Throughout the week, participants will take part in industry visits, class sessions 6 and 7, guest speaker sessions, and other activities. Session 6: 26/10: Pedro Barquinha Session 7: 30/10: Márcia Damas	3:00 pm to 6:30 pm
7	30/10/2026	From resource to market: mapping where value is created <i>Session 6: In-person immersion week: Portugal</i> The economics of raw materials: costs, prices and value capture <i>Session 7: In-person immersion week: Portugal</i>	5,0	Friday	Presencial		Session 6: 10:00 am - 12:00 am Session 7: 12:15 pm - 1:30 pm 3:00 pm- 6:30 pm
8	31/10/2026	Strategic positioning: source, make, buy, partner or integrate?	5,0	To be Defined	online	As this session was originally scheduled for the Saturday following the Immersive Week, and considering that some participants may be travelling or in transit at that time, we suggest rescheduling it to a weekday in order to facilitate attendance. Pedro Barquinha José Pinheiro Torres	To be Defined
9	06/11/2026	Macroeconomic dynamics, competitiveness and capital allocation	5,0	Friday	online	Pedro Barquinha António Costa e Silva	3:00 to 8:00 pm
10	07/11/2026	Global market power and strategic response	5,0	Saturday	online	Pedro Barquinha Vitor Correia	9:00 am to 2:00 pm
Total Workload:			25,0				

The information presented in this schedule is indicative and could be subject to change, including dates, times, session content, speakers, locations and planned activities.

Course							
Geopolitics, Risk & Leadership in Critical Raw Materials Lead by NOVA FCT							
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
11	13/11/2026	Geopolitics of critical raw materials	5,0	Friday	online	Alexandre Velhinho Guido Sonneman	3:00 to 8:00 pm
12	14/11/2026	Global players: states, multinational firms, and strategic alliances	5,0	Saturday	online	Alexandre Velhinho António Costa Silva	9:00 am to 2:00 pm
13	20/11/2026	Supply disruptions, trade conflicts, and systemic risk	5,0	Friday	online	Alexandre Velhinho	3:00 to 8:00 pm
14	21/11/2026	Scenario analysis and strategic foresight, Leadership and decision-making under uncertainty	5,0	Saturday	online	Alexandre Velhinho Braz Costa	9:00 am to 2:00 pm

Total
Workload: 20,0

Course							
Global Players in RMs – Beyond the EU Lead by NOVA FCT							
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
15	27/11/2026	Mapping global power centers in raw materials: China, the US, Latin America, Africa, Australia, and the Middle East	5,0	Friday	online	Adam Kelly	3:00 to 8:00 pm
16	28/11/2026	Mapping global power centers in raw materials: China, the US, Latin America, Africa, Australia, and the Middle East	5,0	Saturday	online	Zdenek Sofer	9:00 am to 2:00 pm

Total
Workload: 10,0

Curricular Unit: 2. Business Strategies for the Modern, Technological Age | Lead by UPM

Course	Circular Supply Chains and Secondary Raw Materials Strategy Lead by UPM						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
17	04/12/2026	Strategic Context: Circularity and Raw Materials Security Circular Supply Chain Design	5,0	Friday	online	Juan Herrera <i>and Guest Speaker to be confirmed from Metso and Atlantic Copper</i>	3:00 to 8:00 pm
18	05/12/2026	Secondary Raw Materials Markets and Economics Recycling Systems and EoL Product Management	5,0	Saturday	online		9:00 am to 2:00 pm
19	11/12/2026	By-product Valorisation and Industrial Symbiosis ESG, Compliance and Sustainability Metrics	5,0	Friday	online		3:00 to 8:00 pm
20	12/12/2026	Executive Strategy and Implementation Roadmap	5,0	Saturday	online		9:00 am to 2:00 pm

Total Workload: 20,0

Christmas Break: 13 December 2026 to 14 January 2027

Course	Digital technologies and Data Analytics for Raw Materials Management Lead by UPM						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
21	15/01/2027	Digital Transformation in Raw Materials Industrial IoT and Smart Data Acquisition in mining	5,0	Friday	online	Juan Herrera Francisco Javier Elorza <i>and Guest Speaker to be confirmed from Metso; Sandvik; Epiroc</i>	3:00 to 8:00 pm
22	16/01/2027	Data Analytics for Operational Optimization Artificial Intelligence and Machine Learning	5,0	Saturday	online		9:00 am to 2:00 pm
23	22/01/2027	Predictive Maintenance and Asset Analytics Digital Twins and Simulation	5,0	Friday	online		3:00 to 8:00 pm
24	23/01/2027	Sustainability, LCA and Traceability Data	5,0	Saturday	online		9:00 am to 2:00 pm

Total Workload: 20,0

Course	Innovation and Business Model Transformation for Sustainable Raw Materials Lead by UPM						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
25	29/01/2027	Diffusion of innovation: adopter categories, attributes of innovations, diffusion channels, adoption barriers, and implementation design Institutional theory: legitimacy, institutional logics, institutional work, and compliance vs transformation	5,0	Friday	online	Ebru Susur Emrah Karakaya Cali Nuur <i>and Guest Speaker to be confirmed KTH Royal Institute of Technology</i>	3:00 to 8:00 pm
26	30/01/2027	Business model innovation: value proposition, value creation/delivery, value capture; patterns in circular and service-based models Business model ecosystems: complementarities, orchestration, platform logic, governance, and value co-creation	5,0	Saturday	online		9:00 am to 2:00 pm
27	05/02/2027	Socio-technical transitions: MLP (regimes, niches, landscapes), SNM (niche protection, learning, networks), TIS (functions and system building)	5,0	Friday	online		3:00 to 8:00 pm
28	06/02/2027	Innovation systems: NIS/RIS and sectoral innovation systems; policy, intermediaries, and infrastructure for innovation	5,0	Saturday	online		9:00 am to 2:00 pm
Total Workload:			20,0				

Course	Raw Materials Project Development: Strategy, Risk, and Investment Decisions Lead by UPM						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
29	12/02/2027	Feasibility study architecture: structuring pre-feasibility and bankable feasibility studies across technical, economic, environmental, and social dimensions. Investment evaluation under uncertainty: applying NPV, IRR, Monte Carlo simulation, and real options analysis to capital-intensive mining projects.	5,0	Friday	online	Jose Maria Cuellar del Rio Gema Esteban Garrido and Guest Speaker to be confirmed from @IG4 Capital	3:00 to 8:00 pm
30	13/02/2027	Regulatory and policy intelligence: navigating the EU Critical Raw Materials Act, permitting frameworks, and ESG compliance as strategic levers.	5,0	Saturday	online		9:00 am to 2:00 pm
31	19/02/2027	Scenario planning and risk management: designing multi-scenario models to stress-test project viability against commodity, geopolitical, and operational risks.	5,0	Friday	online		3:00 to 8:00 pm
32	20/02/2027	Project launch and stakeholder governance: structuring financing, managing investor narratives, and aligning community and supply-chain stakeholders for project go-ahead.	5,0	Saturday	online		9:00 am to 2:00 pm
Total Workload:			20,0				

Curricular Unit: 3. Responsible Practices and Stakeholder Management | Lead by UPM & UNIVERSITY OF MISKOLC

Course Europe an Union policies and sustainability reporting standards and European Union and international mineral reporting standards | Lead by UPM

Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
33	26/02/2027	Strategic autonomy and the geopolitical importance of critical raw materials Evolution of EU raw materials policy The Raw Materials Initiative Critical raw materials, supply chains, price volatility and the European Green Deal	5,0	Friday	online	Faculty team to be confirmed	3:00 to 8:00 pm
34	05/03/2027	Critical Raw Materials Act objectives and requirements Analysis of EU critical and strategic raw materials lists Application and implications of the CRMA European Raw Materials Alliance and its role in the raw materials ecosystem	5,0	Friday	online		3:00 to 8:00 pm
35	06/03/2027	Definition and selection of Strategic Projects Permitting frameworks and regulatory bottlenecks Funding mechanisms for Strategic Projects Supply chain diversification and partnerships with third countries Implications for mining, refining and recycling projects in Europe	5,0	Saturday	online		9:00 am to 2:00 pm
36	12/03/2027	Evolution of sustainability governance Environmental, Social and Governance metrics Corporate Social Responsibility Sustainable Development Goals Sustainability performance indicators	5,0	Friday	online		3:00 to 8:00 pm
37	13/03/2027	Corporate Sustainability Reporting Directive EU sustainable finance framework Sustainability reporting requirements Investor expectations, transparency and accountability Sustainability across raw materials supply chains	5,0	Saturday	online		9:00 am to 2:00 pm
38	19/03/2027	Implementation of corporate reporting standards Analysis and interpretation of sustainability reports The CRIRSCO Template Principles of transparency, materiality, and competence Mineral Resources vs Mineral Reserves classification Competent Person requirements Relationship with stock exchange disclosure rules Role in mining project financing	5,0	Friday	online		3:00 to 8:00 pm

Course	Stakeholders management and Social license to Operate Lead by University of Miskolc						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
39	20/03/2027	Origins and evolution of the Social Licence to Operate concept Differences between legal licences and social legitimacy Levels of social acceptance Importance of social legitimacy in extractive industries	5,0	Friday	online	Ferenc Márai Luis Lopes, La Palma Research Centre Vitor Correia, INTRAW Attila Holoda, Aurora Energy Alicja Kot-Niewiadomska / Jaroslaw Szlugaj, Mineral and Energy Economy Research Institute of the Polish Academy of Sciences, PL	3:00 to 8:00 pm
40	02/04/2027	Risks of social conflict in extractive industries Community expectations and perceptions Role of transparency, communication and trust Strategic management of the Social Licence to Operate Innovation in SLO development Case studies of project acceptance and opposition	5,0	Friday	online		3:00 to 8:00 pm
41	03/04/2027	Application of Corporate Social Responsibility and ESG principles Stakeholder identification and classification Stakeholder mapping methodologies Influence-interest matrices Assessment of stakeholder expectations and influence	5,0	Saturday	online		9:00 am to 2:00 pm
42	09/04/2027	Engagement strategies and consultation mechanisms Public participation and consultation frameworks Institutional relationships with local authorities and regulators Development and management of Memoranda of Understanding with	5,0	Friday	online		3:00 to 8:00 pm
43	10/04/2027	Identification of potential sources of conflict Conflict prevention strategies Dispute resolution mechanisms Mediation and conflict resolution with local communities Management of long-term stakeholder relationships	5,0	Saturday	online		9:00 am to 2:00 pm
44	16/04/2027	Carbon footprint of mining and mineral processing Electrification of mining equipment Integration of renewable energy into mining operations Main operational and technological challenges Practical pathways for reducing emissions in the extractive sector	5,0	Friday	online		3:00 to 8:00 pm
Total Workload:			30,0				

Curricular Unit: 4. Business Skills and Wealth Creation in Raw Materials| Lead by NOVA FCT & UPM

Course	Economic feasibility and international standards Lead by NOVA FCT						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
45	23/04/2027	Mining project stages: exploration, resource delineation, studies, permitting and construction Mine operation, processing, logistics, closure planning and environmental rehabilitation Life-of-mine planning, decision gates and key investment milestones Project maturity, technical uncertainty, capital intensity and financing requirements	5,0	Friday	online	Faculty team to be confirmed	3:00 to 8:00 pm
46	24/04/2027	Role, structure and interpretation of mineral technical reports Resource and reserve estimation and integration of geological, engineering and economic data Competent Person responsibilities, certification and disclosure requirements Reporting standards across jurisdictions, independent verification and project financing	5,0	Saturday	online		9:00 am to 2:00 pm
47	30/04/2027	CAPEX, OPEX, production profiles, throughput and recovery rates Commodity price assumptions, revenue forecasts and project cost structures Discounted Cash Flow methodology and break-even price analysis NPV, IRR and payback period as investment decision indicators	5,0	Friday	online		3:00 to 8:00 pm
48	07/05/2027	Sensitivity and scenario analysis for price, cost and production variables Economic comparison of primary mining and recycling projects Impact of technology, feedstock, scale, logistics, processing and refining capacity Capital intensity benchmarking, exploration risk, geopolitics and supply-chain disruptions	5,0	Friday	online		3:00 to 8:00 pm

Course	Financial Analysis, Modeling and Risk Analysis Lead by UPM						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
49	08/05/2027	Structure and interpretation of the Balance Sheet, Profit & Loss and Cash Flow Statements Accounting and financial reporting practices in mining, recycling and raw materials ventures CAPEX, OPEX, depreciation, inventories, asset valuation, revenue recognition and cost accounting Financial ratios, margins, liquidity, solvency, profitability and company performance analysis	5,0	Saturday	online	Mercedes Grijalvo Zibahabibi and Guest Speaker to be confirmed	9:00 am to 2:00 pm
50	14/05/2027	Translation of technical and operational assumptions into financial projections Production volumes, commodity prices, revenues, costs, margins and cash-flow generation CAPEX, working capital and other key project economics assumptions Spreadsheet modelling practices for building and interpreting a base-case financial model	5,0	Friday	online		3:00 to 8:00 pm
51	15/05/2027	Use of financial model outputs to support investment appraisal and decision-making Interpretation of Net Present Value (NPV) and Internal Rate of Return (IRR) Scenario analysis, sensitivity analysis and stress testing Geological, operational, market, regulatory, environmental and supply-chain risks	5,0	Saturday	online		9:00 am to 2:00 pm
52	21/05/2027	Commodity price, foreign exchange and interest-rate risks in raw materials ventures Identification of financial exposures affecting revenues, costs, debt and project cash flows Hedging versus speculation and the use of futures, forwards, swaps and options Volatility, basis risk, liquidity and counterparty considerations in risk-management decisions	5,0	Friday	online	Jorge Yzaguirre and Guest Speaker to be confirmed	3:00 to 8:00 pm
53	22/05/2027	Impact of risk and mitigation strategies on cash-flow stability and project viability Cost of capital, debt versus equity and basic project-finance structures Applied cases involving raw materials companies, market events and investment projects Integrated financial and risk analysis, mitigation alternatives and executive recommendation	5,0	Saturday	online		9:00 am to 2:00 pm
Total Workload:			25,0				

Course	Entrepreneurship, Fundraising and Leadership Lead by NOVA FCT						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
54	28/05/2027	Business opportunities in mining, recycling and critical minerals Junior mining and technology-driven venture models Company creation and entrepreneurial risk	5,0	Friday	online	Luísa Baltazar and Guest Speaker to be confirmed	3:00 to 8:00 pm
55	04/06/2027	Mining technology and resource innovation ecosystems Collaboration between start-ups, industry and research organisations Strategic partnerships and technology commercialisation	5,0	Friday	online		3:00 to 8:00 pm
56	05/06/2027	Main investor categories in the raw materials sector Public, private and institutional financing sources Investment criteria, due diligence and financing by project stage	5,0	Saturday	online		9:00 am to 2:00 pm
57	11/06/2027	Market positioning, value proposition and competitive advantage Integration of technical, financial and market analysis Investment case, governance and communication with investors	5,0	Friday	online		3:00 to 8:00 pm
Total Workload:			20,0				

Course	Sales, pitching and marketing for RM ventures Lead by NOVA FCT						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
58	12/06/2027	Structure and dynamics of global raw materials markets Commodity, specialty, and critical minerals markets Industrial value chains and customer segmentation Sustainability, traceability, and strategic market positioning	5,0	Saturday	online	Luísa Baltazar and Guest Speaker to be confirmed	9:00 am to 2:00 pm
59	18/06/2027	Pricing mechanisms and commodity market benchmarks Offtake agreements and long-term supply contracts Strategic partnerships with industrial buyers, refiners, and traders Market entry strategies and critical minerals value chains	5,0	Friday	online		3:00 to 8:00 pm
60	19/06/2027	Structure and key elements of an effective project pitch Communicating value proposition, financials, and investment needs Risk communication and tailoring pitches to different audiences Storytelling techniques and common pitching mistakes in mining and recycling projects	5,0	Saturday	online		9:00 am to 2:00 pm
Total Workload:			15,0				

Curricular Unit: 5. Leadership, Management, and Organizational Success | Lead by UNIVERSITY OF MISKOLC

Course	Organisational Behaviour and Leadership Lead by University of Miskolc						
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
61	25/06/2027	Employee engagement and organisational culture Feedback systems and performance conversations HR metrics and continuous improvement practices Building organisational capability through effective people management	5,0	Friday	online	Mariann Veres Somosi Daniella Mihalik-Kucsma Marianna Tóthné Vankucz	3:00 to 8:00 pm
62	26/06/2027	Job analysis methodologies and tools Job descriptions and role specifications Job evaluation and role classification Aligning jobs and structures with organisational objectives	5,0	Saturday	online		9:00 am to 2:00 pm
63	02/07/2027	Sources and dynamics of organisational conflict Conflict resolution and negotiation techniques Building high-performing and collaborative teams Communication strategies for managing stakeholders and diverse interests	5,0	Friday	online		3:00 to 8:00 pm
64	03/07/2027	Talent management, motivation, and employee engagement Performance management and feedback systems Organisational change and development frameworks Fostering creativity, innovation, and continuous improvement	5,0	Saturday	online		9:00 am to 2:00 pm
65	09/07/2027	Case study analysis of leadership and organisational challenges Performance management analysis and improvement plans Application of organisational behaviour concepts to real-world scenarios Team-based problem-solving and decision-making exercises <i>In-person immersion week: Hungary</i>	The Immersion Week in Hungary is provisionally scheduled for 5–9 July 2027. It will begin at the University of Miskolc campus and will include industry visits, class sessions 65 and 66, guest speakers, and other activities.				
Total Workload:			20,0				

Course		Human Resource Management Lead by University of Miskolc					
Session	Date	Content	Session Duration	Weekday	Format	Faculty Team	Time
66	10/07/2027	The strategic role of Human Resource Management People, competencies, roles, and organisational context HRM contribution to organisational performance Current trends and challenges in people management	5,0	Saturday	online	Krisztina Varga Mariann Tóth Vankucz	9:00 am to 2:00 pm
67	17/09/2027	Job analysis methodologies and tools Job descriptions and role specifications Job evaluation and role classification Aligning jobs and structures with organisational objectives	5,0	Friday	online		3:00 to 8:00 pm
68	18/09/2027	Competency frameworks and models Identifying and assessing critical competencies Integrating competencies into HR processes Building organisational capability through skills management	5,0	Saturday	online		9:00 am to 2:00 pm
69	24/09/2027	Recruitment strategies and workforce attraction Selection methods and assessment techniques Talent identification and succession planning Diversity and inclusion in talent acquisition	5,0	Friday	online		3:00 to 8:00 pm
