

Risk Assessment

Date: 12th December

Lesson Room: Main chemistry Lab

77Reference No: F3 of the catalyst text book. CLEAPPS	YEAR: 7 Form: 1T
Experiment:	Test for carbon dioxide
Demo:	During the lesson
Preparation In advance:	Before the lesson, check all the material needed, and test experiment.
Items Needed: - limewater (irritant) - HCl (corrosive) - 2 test tubes - marble chalks	Safety: - goggles - aprons or lab coats
Notes: Wash hands after being in contact with the chemicals.	CLEAPPS Hazard Card No:
