

## Unit K2 – Reflection of light

### Practical Activity

You know that when a light reflects off a surface, you can predict where it will go. Today you will work in groups to carry out a practical activity to investigate the reflection of light.

Write your results in the table below.

$i^\circ$	$r^\circ$
20	
40	
60	

**Important:** If you have doubts go to your notes and check the law for the reflection of light.

**Name:**  
**Form Group 2C**
