

Unit K2 – Reflection of light

Practical Activity

You know that when a light reflects off a surface, you can predict where it will go. Today you will work in groups to carry out a practical activity to investigate the reflection of light.

Write your results in the table below.

i°	r°
20	
40	
60	

Important: If you have doubts go to your notes and check the law for the reflection of light.
