One of the best places to visit is Inverawe Country Park. There aren't any mountains here, but there are beautiful valleys and lakes. It's a great place for walking or cycling. You can see eagles and you can also go fishing in the lakes.

Another fantastic place is Ganavan Sands. It's one of the best beaches in Scotland. You can swim in the sea (but the water is cold!). You can sometimes see whales and dolphins in the sea near the beach.
