

The Great Porto

The Great Porto is a fantastic place for holiday. The main towns are Porto, Gaia and Espinho. The beaches are beautiful and very popular. There is also the Douro River.

If you like swimming, surfing, wind surf and body board, Espinho is the right place. If you prefer speed and jet-sky, go to the Crestuma dam. Besides the water sports, this is the right place for fishing and cycling fans.

If you like quiet, walk along the sea front, there are about 20 km of beaches and dunes.

If you prefer some challenge, the Casino and the airdrome are the prefect places.
